

Michael Van Le

Full Stack Developer

Michael Van Le - New York, NY - Email: le.michael.v@gmail.com Phone: 646-535-8706

LinkedIn: <https://www.linkedin.com/in/michaelvanle/> Github: <https://github.com/miketocoding/> Portfolio: <https://miketocoding.github.io/>

I've recently completed the software engineering immersive at General Assembly and am excited to bring my skills, curiosity, and analytical nature to any team. My experience in public service, working for the City of New York, helped to hone my astute attention to detail, allowed me to problem solve collaboratively, and work within tight timelines. I look forward to continuing my growth as a developer and adding my skills and enthusiasm to future teams.

Technical skills

Full-stack software development: JavaScript, React, HTML, CSS, NodeJS, Mongoose, Express, Django, MongoDB, PostgreSQL, Git, GitHub, Agile methodologies
